

# WALAI

## GRAPHIC DESIGNER

### PROFILE

I am a creative and skilled graphic designer born in Thailand and currently living in Aarhus, Denmark. I have been a digital artist working with TV-commercials, feature films and media marketing in post-production industry. My work is about creating productive and creative visuals into various formats, fx. video, prints, motion, mockup, prototypes to elevate the brands/products and present them in the best possible way.

I thrive in a creative and dynamic working environment where the focus is on finding the best solutions within the time I have at hand. Although I am a strong team-player, I have an independent and structured approach to my work.

### WORK EXPERIENCE

#### Graphic Assistant

(05 - 08/2017)

#### Unity Studios - Aarhus, Denmark

Be responsible for designing and creating the graphical user interface in 2D as a mock-up to develop into the 3D application.

#### Digital Artist

(2013 - 2015)

#### Posters Post Production - Bangkok, Thailand

Be responsible for completing the compositing task of TV commercials, e.g. integrating generated graphics elements into live action footage.

#### Junior Digital Artist

(2012 - 2013)

#### Oriental Post Co.,Ltd. - Bangkok, Thailand

Support senior digital artists, e.g. preparing materials, conforming, retouching, rotoscoping, tracking, color correction and chroma key extraction. Also complete the compositing task for some minor projects.

#### Digital Artist Assistant

(2006 - 2012)

#### Oriental Post Co.,Ltd. - Bangkok, Thailand - Ho Chi Minh City, Vietnam

Be trained to support the lead digital artists. Be responsible for preparing materials and elements, conforming, rotoscoping, painting background, and chroma key extraction.
